LEONARD'S TITLE INSURED

George Calza Looms as Next Heavyweight Wrestling Champion of the World.

By CHARLES F. MATHISON

Despite the charge that the New York State Athletic Commission in attempting to compel dilatory cham Chairman Muldoon continues serenely to issue orders to the delinquent title

isdiction over boxing in any State except New York, and has not asked the boxing authorities of any other city or cases of Kilbane and Wilson. Yet the champions of five classes have already complied with the orders of the New welter champion; Benny Leonard, lightweight title holder; Johnny Buff, bantam champion, and Johnny Dundee, 130 pound title holder.

Two champions, Kilbane and Wilson, who refused to obey the comfrom boxing in this State and in a very embarrassing position dthin a stated period, refused to do so and lost their licenses to box in this

In addition, the commission has named Dundee and Danny Frush, who were first and second with formal challenges to Kilbane, as the contestants in a bout for the featherweight championship of America. This pair have made

the commission also has named Harry to and Dave Rosenberg as the contants in a bout too the middleweight mpionship. Greb does not seem to be lined to make the 160 pound limit of class and if he does not soon make match with Rosenberg some other didleweight will be asked to do so. Thus, in spite of supposed lack of aurity, the commission has accomshed what all the promoters and tehmakers of the country have been also be to bring about. This has caused a den burst of unparalleled activity on part of the champions, which is the object sought by the commission.

Some of the champions utterly refused to enter the ring unless the conditions were such that they could not possibly lose their titles. In many instances challengers were disabled by foul and brutal tactics. Conditions were rapidly growing worse and a point was reached where it became imperative to check the rapacity and unfairness of champions or to see the boxing game practically wrecked

Boxing commissions in several Western and Southern States were
